

LOCTITE®

Design in Zero-Defect Quality with Loctite® Porosity Sealing Technology.

**Only Loctite® technology provides
100% microporosity sealing in your parts.**

- **Reduce Product Rejection and Scrap**
- **Reduce Inspection and Production Costs**

Loctite® Porosity Sealants and Equipment are available for all your sealing needs. Our Porosity Sealing Specialists will work with you to solve even the most complex sealing problems. We will analyze your problem parts, and offer a complete solution tailored to your specific needs.

As the industry leader in technical resources, equipment, and products - we have the porosity sealing solution for you.

Loctite® 100% Porosity Sealing Products Will Help You:

- **Dramatically improve product quality**
- **Increase design and manufacturing process options**
- **Reduce warranty costs**
- **Reduce costly inspection and test procedures**
- **Open up costly manufacturing bottlenecks**
